#4083 OIL TREATMENT

CHAMPION OIL TREATMENT improves oil viscosity and increases oil pressure, power and compression. Oil Treatment also decreases oil consumption and engine wear. It forms a film which coats and protects vital engine parts, reduces friction and increases power. Add one pint of Champion Oil Treatment to four to five quarts of oil for top performance and increased engine life.

Available in:

#4083D - 5 gallon
#4083I - 12/16 oz.
