

## #4000 PREMIUM TRACTOR HYDRAULIC FLUID

CHAMPION 4000® PREMIUM TRACTOR HYDRAULIC FLUID is specially formulated to “Keep Farmers in the Field, featuring hydrocracked Group II base oils and “advanced technology” additives to produce a truly premium universal tractor fluid.

CHAMPION 4000® is designed to protect today’s hard working tractors from the pump to the final drive. The select base oil blend provides improved oxidation and thermal stability, improved low temperature properties, low deposit forming tendency and natural resistance to thickening. The additive system provides

advanced friction, wear and oxidation inhibitors resulting in reduced pump wear, improved friction durability, better deposit control, reduced final drive wear and extended seal life.

### TYPICAL SPECIFICATIONS

Gravity API@60°F	29.6
Viscosity:	
cSt@40°C	61.0
cSt@100°C	9.3
Viscosity Index	132
Viscosity cP@-20°C	5500
Max Pour Point ° F	-33

CHAMPION 4000® meets or exceeds the performance requirements shown on the back of this product data sheet.

Available in:

- #4000A - 55 gallon
- #4000B - 30 gallon
- #4000D - 5 gallon
- #4000U - 2/2.5 gallon
- #4000N - 4/1 gallon
