

# CHAMPION “00” MULTI-PURPOSE GREASE

Champion Champion “00” EP Pour Grease is an excellent multi-purpose, lithium-based extreme pressure lubricant for applications which require NLGI #00 consistency semi-fluid grease. Provides protection against rust and corrosion, and protection from scuffing and wear in extreme pressure applications. High pumpability makes this grease excellent for industrial applications where centralized lubrication systems require semi-fluid EP grease.

Excellent for applications where semi-fluid EP grease is recommended, including:

- Rotary mower gearboxes
- Steering gears
- Auger gearboxes
- Cotton and corn picker heads
- Spindles
- Centralized lubrication systems
- Truck wheel hubs
- Commercial mower gearboxes
- Pneumatic tools
- And more...

# “00”

NLGI #00

## MULTI-PURPOSE EXTREME PRESSURE GREASE

APPLICATION TEMPERATURE RANGE: 0°F to 200°F

### Typical properties

	Part No. 4049
Color	Red
Texture	Smooth
NLGI Grade	00
Worked Penetration	400-430
Timken OK load, lb	40
Weld Load, kg	315
Wear Scar Dia, mm	0.55 max

**#4049**  
Effective 05/14
