

CHAMPION FIRE-BRITE® CHARCOAL LIGHTER FLUID

Champion FIRE-BRITE® Charcoal Lighter Fluid is a premium odorless fluid that complies with all VOC standards , including SCAQMD Rule 1174.

This product also includes a child-proof cap for safety. Great product for outdoor firepits, bbq grills and camp fires.

Directions: Apply starter fluid liquid over piled charcoal. Use 1.6 ounces (47 milliliters) per pound of charcoal. ignite the charcoal immediately. Do not close hood on grill before lighting. The starter fuel will burn off cleanly in a few minutes leaving the charcoal ignited. Never apply lighter fluid to lighted fires or hot coals.

Typical properties

	Part No. 4206
Color	Pale Liquid
Odor	Kerosene odor
Flash Point	>37.8°C / >100°F
Evaporation Rate (butyl acetate)	<1
Vapor Pressure	0.40 mmHg @ 20°C / 68°F
Specific Gravity (H2O = 1)	0.755 @ 20°C / 68°F
Viscosity	1-2.4 cSt @ 40°C / 104°F

#4206
Effective 01/17
