

Champion AIR TOOL OIL

CHAMPION AIR TOOL OILS are designed to lubricate pneumatic (air) driven tools of all types. They possess extreme pressure characteristics for longer tool life under the most demanding conditions. They also contain rust and oxidation additives for protection from moisture. The naturally high viscosity index provides protection for operation during cold temperatures as well as hot.

Dissolves the gum and sludge that degrade air tool speed and performance and contains a clinging agent which makes it adhere to all lubricated parts for maximum protection.

FOR USE WITH ALL TYPES OF AIR TOOLS.

TYPICAL SPECIFICATIONS

Product Code	4067	4072
Gravity API @ 60° F	29.8	28.8
Viscosity:		
cSt @ 40° C	13.2	52.0
cSt @ 100° C		7.5
Pour Point ° F	-65	-5
Flash Point ° F	195	380
Color	2.0	1.5

Available in:

#4067V- 12/4 oz.

#4072A - 55 gallon

#4072D - 5 gallon

PART# 4067V
