

CHAMPION ALUMINUM BRIGHTENER

METAL CONDITIONER / ACID DETERGENT / DESCALER

CHAMPION ALUMINUM BRIGHTENER / METAL CONDITIONER is a liquid based product that incorporates a blend of surfactants to effectively clean the surface and leave the aluminum clean and bright.

Features/Benefits

Concentrated

Economical to Use

Surfaces Applicable

When used properly, **Champion Aluminum Brightener** is safe on stainless steel, aluminum, copper, painted surfaces and rubber. It is not safe on galvanized, magnesium, tin zinc and chrome. Do not use on aircraft. Will cause etching of glass.

General Usage Directions

Dilutions of 1:15 to 1:50 with water are used dependent upon soil load, temperature and type of operation.

NOTE: Dilutions are approximate and may be varied if required for desired results.

Physical Properties

Form	Clear Liquid
pH	≤1.5
Specific Gravity	1.10-1.20
Odor	Slight
Wetting	Excellent
Rinsing	Excellent
Acidity	High
