

CHAMPION RP MACHINE OIL

Champion® Super Grade RP Machine Oil is for customers who require better rust and corrosion protection on metal surfaces exposed to outside weather conditions.

Champion® Super Grade RP Machine Oil is a highly effective non-staining preservative fluid for use on sheet, coiled, or wire rope alloys. A film of protection is formed when applied preventing rust and corrosion by displacing water and providing a physical barrier to the atmosphere. This effectively stops air oxidation and surface stain formation.

Champion® Super Grade RP Machine Oil is thin liquid and easy to handle in dip and spray-on metal applications.

Benefits and advantages:

- Easy to use for optimal anti-corrosion protection of metal surfaces.
- Will not discolor metals and leaves minimal residue when dry.
- High flash point improves working conditions

TYPICAL SPECIFICATION

Product Code	4224
MSDS #	1700
Gravity API @ 60°F	35.7
Viscosity @ 40°C, cSt	3.8
Flash Point, °F	240
Copper Corrosion	1A
Humidity Cabinet (Salt Spray)	Pass (12 days)
Color/Odor	Dark Amber / Mild Petroleum

PART# 4224AN

Effective 04/13
