

CHAMPION WHITE LUBE OIL

22 HVI

CHAMPION WHITE LUBE OIL

For use in a variety of applications. It is a white mineral base oil providing rust and oxidation inhibition and offers excellent anti-wear protection. It is recommended for hydraulic systems and gear systems requiring 22 HVI oils. It is also a reduced environmental impact lubricant and inherently biodegradable by OECD 203 1-12 Test Method. It performed well in both aqueous acute toxicity tests and “ultimate” biodegradability tests.

NOTE: This oil is NOT to be used where NSF-approved food grade oils are required, or where incidental food contact is possible

TYPICAL SPECIFICATION

ISO Grade	22
Product Code	4243
MSDS #	600
Color	None
Gravity API @ 60° F	33.9
cSt @ 40°C	20.5
cSt @ 100°C	4.1
SUS @ 104°F	100
SUS @ 212°F	40
Viscosity Index	98
Pour Point ° F	0
Flash Point ° F	400
% Biodegradability in 28 days OECD 301B	22
96-Hour Toxicity, Aquatic, OECD 203 1-12 LC50 (Rainbow Trout), ppm	Nontoxic

PART# 4243
Effective 11/18
