 QUANTUM HYDRAULIC FLUID

QUANTUM AW-R&O HYDRAULIC FLUID is a premium oil formulated with hydrotreated base oils to provide superior thermal and oxidation stability and extended drain capability. It has excellent shear stability and low temperature characteristics.

QUANTUM AW-R&O HYDRAULIC FLUID is fortified with a premium additive system to insure excellent resistance to wear, corrosion and foaming. It is formulated to meet the performance requirements of major equipment manufacturers including Denison and Cincinnati Milacron.

TYPICAL SPECIFICATIONS

Product Code	4318	4319	4320
ISO	32	46	68
Gravity API @ 60°F	32.3	31.4	30.6
Viscosity:			
cSt @ 40°C	32.8	47.7	69.0
cSt @ 100°C	5.6	7.1	9.0
Pour Point °F	-33	-33	-27
Flash Point °F, COC	387	385	425
Color	Pale	Pale	Pale
Viscosity Index	107	106	104

Available in:

#4318 – Bulk	#4319 – Bulk	#4320 - Bulk
#4318A – 55 gallon drum	#4319A – 55 gallon drum	#4320A – 55 gallon drum
