

# ENGINE PROTECTANT

FOR ENGINES OPERATING OUTSIDE "NORMAL" DRIVING CONDITIONS.

This engine oil treatment with Advanced Synthetic Protection Formula works with your engine's oil to help protect and maintain a cleaner engine and increase overall life and performance. Protects engine from oxidation and wear. Reduces wear, deposits, friction, noise and vibration.

Champion® Engine Protectant boosts your motor oil's protection with advanced time released anti wear chemistry and extends you motor oil's resistance to thermal breakdown more than any other motor oil alone and more than any other oil treatment.

**DIRECTIONS:** For optimal performance, use with every oil change. With engine off, add to crankcase. Fill with quality engine oil to manufacturers specifications. Use in gas or diesel engine. Compatible with synthetic and mineral-based oils. Will not void manufacturer's warranty if used according to directions.
