

## SynClean 20W-50 Synthetic Blend

Champion SynClean Synthetic Blend motor oil extends engine life, significantly reduces engine wear, resists thermal breakdown, and outperforms all conventional engine oils in engine cleanliness, fuel economy and protection between moving parts.

- Advanced wear protection, engine cleanliness and lower oil consumption at oil temperatures up to 400° F.
- Lower pour point reduces start-up wear during cold weather.
- Compatible with conventional oils
- Meets American, European and Japanese manufacturers' warranty requirements.

Champion SynClean™ synthetic blend motor oils are approved for use in General Motors, Ford and DaimlerChrysler flex-fuel vehicles using either gasoline or E-85. Additional service fill approvals also include Acura, Honda, Infiniti, Isuzu, KIA, Lexus, Mercedes Benz, Mitsubishi, Saturn, Toyota and Volvo cars and light duty trucks. See OEM Manual for Viscosity Recommendation.

### Physical and Chemical Properties

Appearance	Amber liquid
Odor	Mild Petroleum
Flash Point (estimated based on components)	> 180°C / 356°F
Density	0.9 mg/cu. cm @15.6°C
Solubility	Insoluble in water, alcohols; soluble in organics
