

WP 2-CYCLE RACE OIL

CHAMPION WP2 TWO CYCLE RACING OIL is our premium synthetic blend water pumper premix oil for use in 2-cycle air or water cooled engines. This specially formulated ashless synthetic fluid meets lubrication and high temperature demands, limits deposits throughout the engine, delivers clean throttle response, and is compatible with all new generation fuels. Synthetic additives provide excellent detergency and dispersant for protection and performance requirements.

What one customer has to say about our WP2 2-Cycle Racing Oil

"...thank you for making the WP-2, 2-Cycle Racing Oil. I have been using your oil exclusively in all four of my motorcycles. I have been racing Off Road competitively in desert racing events for over ten years. I live where the temperature gets up to 118+ in the summer. I have used a lot of different oils over the years and now only use your product. Your product works excellent."

Other Benefits include:

- Anti-foaming and superior anti-scuffing protection
- Increases performance by reducing engine deposits, carbon and spark plug fouling
- Blended to provide anti-smoke performance to meet any state, national, or international regulatory requirements

Recommended for use where manufacturer specifications require 2-Cycle oil to meet performance requirements of;

- **API TC**
- **JASO FC**
- **ISO-L-EGD**
- **TISI**

Mix only according to the manufacturer's recommended mixing ratio.

TYPICAL PROPERTIES	
Product Code	4090
MSDS #	200
Gravity API @ 60° F	32.9
Pour Point ° F	-37
Flash Point ° F	175
SUS @ 104°F	315
SUS @ 210°F	54
cSt @ 40°C	47.0
cSt @ 100°C	8.5
Color	Red
Viscosity Index	150
