

# INDUSTRIAL SHB Oil

**Champion® Industrial SHB Oil** is a high quality, zinc free, lubricant for high speed spindles, hydraulic and bearing elements in some industrial hydraulic transmission and control systems containing steel-on-bronze and silver lubrication surfaces. Excellent choice for machine circulation systems, oil lubricated plain and bearings, and certain low loaded enclosed gears.

**Champion® Industrial SHB Oil** is compatible with all normal mineral oil seal materials. This includes Nitrile and Butyl rubbers, Neoprene, Viton etc., where minimal swell and hardening are required in service.

**Benefits include:**

- Universal compatibility with all mineral based fluids
- Excellent resistance to oxidation caused by heat in the presence of air, water and metal catalysts, such as copper, prolongs oil life
- Corrosion protection supplied by carefully selected additives and the oil's natural corrosion protective properties
- Low pour point permits use in certain low temperature industrial applications
- Excellent air release and anti-foam properties

**TYPICAL PROPERTIES**

<b>ISO Grade</b>	<b>10</b>
Product Code	4063
MSDS #	800
Gravity API @ 60°F	31.6
cSt @ 40°C	10
Pour Point °F	-36
Flash Point °F	334
