

SUPER CONCENTRATED

POWER+
PLUS

DIESEL FUEL CONDITIONER

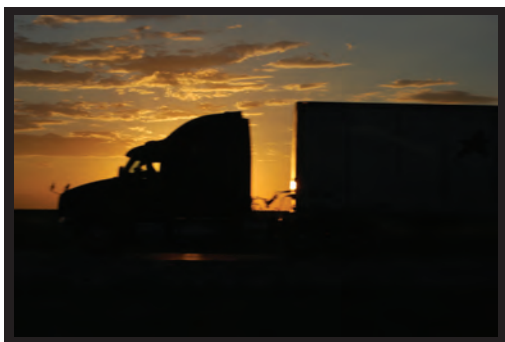

LESS SOLVENT. MORE VALUE.

Champion Power Plus with Cetane is an ultra-high performance multi-functional diesel fuel additive for today's high pressure common-rail injector systems and modern diesel fuels. Cutting edge detergents rapidly clean up injector carbon deposits and "sticking" internal deposits formed from biodiesel salts – leading to better power, acceleration and fuel economy. Advanced corrosion protection prevents acidic attack on fuel system parts from common, biodiesel blended fuels and improves the life of fuel system components.

- Rapidly cleans up carbon deposits and internal "Sticking" deposits
- Increases power, acceleration and fuel economy
- Reduces emissions
- Provides excellent corrosion protection
- Performs in all diesel fuels and biodiesel blends
- Enhances fuel system component and engine life
- Improves filter life
- Increases Cetane

Shake well before using – highly concentrated formula treats up to 250 US Gallons per quart for rapid cleanup and best results. For multi-tank cleanup, one quart may treat up to 500 gallons of fuel. For keep clean performance, one quart may treat up to 750 gallons of fuel.

	FL OZ per 125 Gallons	FL OZ per 250 Gallons
RAPID CLEANUP	16 oz.	32 oz.
MULTI-USE CLEANUP	8 oz.	16 oz.
KEEP CLEAN	5 oz.	10 oz.
