

PERFORMANCE ADDITIVES

4247L6 - CHAMPION® VALVE SHIELD LEAD SUBSTITUTE is a gasoline additive formulated to protect against valve seat wear in engines designed for leaded fuel when operated using low or no-lead gasoline. Replaces lead protection in unleaded gasoline.

- Prevent Valve Seat Wear
- Clean Carburetors and Fuel Injectors
- Improve Start Up
- Prevent Power Loss
- Compatible with All Gasoline Additives
- Reduce Exhaust Smoke

4294D - CHAMPION® DIESEL FLO K is a fuel additive formulated to provide excellent cold flow properties to diesel fuel allowing use of #2 diesel fuel at lower temperatures. It provides better fuel mileage than blending #2 fuel with #1 fuel. Lowers fuel pour point up to 30 degrees °F.

- Prevent Fuel Gel and Wax
- Help Prevent Fuel Ice Formation
- Clean Fuel Injectors
- Improve Start Up
- Remove Ice/Water
- Prevent Power Loss
- No Harmful Methyl Alcohol
- Reduce Exhaust Smoke

4956I - CHAMPION® DIESEL TUNE is our multifunctional diesel fuel additive formulated to give your engine maximum power and performance.

- Clean-up Fuel Injectors, Ports & Valves
- Increase Cetane & Improve Fuel Economy
- Add Lubricity & Stability to Low Sulfur Fuel
- Improve Start Up & Eliminate Rough Idle
- Protect Against Corrosion
- Reduce Exhaust Smoke
- Increase Low Temperature Flow
- Meet OEM Test Requirements
