

TRACTOR TRANSMISSION SERIES

CHAMPION JDT 303 tractor fluid is formulated to meet or exceed performance requirements for John Deere JDT 303 and maintains any existing warranties. It provides good wet brake protection and inhibits internal corrosion.

CHAMPION HY-TRAN is formulated using the highest quality paraffin base stocks available combined with the latest “state of the art” additives to produce a truly outstanding HY-TRAN with rust and oxidation inhibitors to protect wet brakes from corrosion, excellent cold flow properties, and power train friction protection. Meets or exceeds MS-1204, MS-1205, MS-1206 (Powergard PTF), MS-1207 Hy-Trans Plus, MS-1210, and maintains any existing warranties.

CHAMPION FORD TRACTOR TRANSMISSION is a high quality moderate duty, extreme pressure, all purpose gear lube specifically designed for use in older Ford tractors where a common reservoir is used for transmission, differential and hydraulic pump. It can also be used in automotive, industrial and other agricultural applications and meets or exceeds M4864B, API GL-3, Cincinnati Milacron, AGMA 9005-D94, US Steel 224, and maintains any existing warranties.
